PROFILE

I'm Elvis Guy BAKUNZI, a passionate software engineer with a deep-rooted love for coding and problem-solving. My journey in the world of technology has led me to master a diverse range of languages and frameworks, enabling me to tackle challenges head-on and deliver innovative solutions.

BACHELOR (Hons) SOFTWARE ENGINEER

African Leadership University

2022 - 2025

HIGH SCHOOL DIPLOMA

Groupe Scolaire Remera Rukoma

2018 - 2021

SKILLS

- Html & Css
- JavaScript
- Python
- C, C++
- SQL
- React
- Node
- MongoDb
- Tailwind
- Bootstrap

EXPERIENCE

SOFTWARE ENGINEER

May 2022 - October 2023 | ALX

Completed the ALX Software Engineering Program, where I developed a strong foundation in diverse programming languages and web development technologies. Proficient in languages such as C, Python, and JavaScript, I gained hands-on experience by working on various projects. My specialization in Backend Development focused on Node.js, REST APIs, and RESTful Web Services. I use Git and GitHub for version control and collaborative software development.

FRONTEND DEVELOPER

December 2022 - February 2023 | KLAB

Successfully completed the KLab Web Development Program, a comprehensive training in web development. Focused on advancing expertise in frontend technologies, including HTML, CSS, JavaScript, and React, particularly building responsive and interactive user interfaces. Specialized in integrating web applications with Restful API services to create dynamic, data-driven web solutions.

CERTIFICATES

HTML, CSS, and JavaScript for Web Developers (2023)

I have completed the 'HTML, CSS, and JavaScript for Web Developers' certification from Johns Hopkins University on Coursera. This comprehensive program gave me the skills and knowledge to develop modern and interactive web applications. Through this course, I gained expertise in front-end web technologies, enhancing my proficiency in HTML, CSS, and JavaScript and enabling me to create user-friendly and visually appealing web solutions.
